

# CYBERSECURITY: ERA OF 5G

MARCH 3, 2021 | 6:00 PM - 7:00 PM

FBI San Diego Citizens Academy Alumni Association (FBISDCAA), in collaboration with Intelligence Research Institute (IRI), presents a seminar series on contemporary threats. Hosted by San Diego State University's Center for Information Convergence and Strategy (CICS).

## FORMAT:

A three member moderated panel of experts with audience Q&A.

The seminar aims to create awareness of how individuals and organizations are targeted, the driving factors, threat landscapes, techniques, and actors, from groups to nation states. Emphasis is given to current and emerging trends and the resources available to detect, deter, and defend against such threats.
